Health Professions Council

333 Guadalupe, Ste 2-220

Austin, TX 78701

(512) 305-8550

The Texas Health Professions Council (HPC) provides a unique solution for the multiple challenges of state regulation of health professions. The State of Texas created HPC to achieve the benefits of consolidation without sacrificing, the quality, independence, accessibility and accountability of independent health licensing and regulatory agencies. Originally, established in 1993, the Council has a membership of 15 agencies that represent a total of 35 professional licensing boards, certification programs, documentation programs, permit programs or registration programs; the Office of the Attorney General and the Office of the Governor. Executive Directors of each of the member agencies actively participate. Through this collaborative effort, the HPC has realized economies of scales in the areas of Information Technology, human resources and staff training. The HPC fosters a spirit of cooperation between agencies striving to achieve regulatory best practices and better serve their respective constituencies.

Framework

- Members
- Statutory Requirements
- Staffing/Funding

The Texas Health Professions Council (HPC) provides a unique solution for the multiple challenges of state regulation of health professions. The State of Texas created HPC to achieve the potentially desirable outcomes of consolidation of small independent health licensing and regulatory agencies without sacrificing the quality, independence, accessibility and accountability of individual boards.

Members: The Council consists of one representative from each of the following:

- (1) the Texas Board of Chiropractic Examiners;
- (2) the State Board of Dental Examiners;
- (3) the Texas Optometry Board;
- (4) the State Board of Pharmacy;
- (5) the Texas State Board of Podiatric Medical Examiners;
- (6) the State Board of Veterinary Medical Examiners;
- (7) the Texas Medical Board;
- (8) the Texas Board of Nursing;
- (9) the Texas State Board of Examiners of Psychologists;
- (10) the Texas Funeral Service Commission;
- (11) the entity that regulates the practice of physical therapy;
- (12) the entity that regulates the practice of occupational therapy;
- (13) the Texas Department of State Health Service's Professional Licensing and Certification Unit
- (14) Governor's office.
- (15) Office of the Attorney General

The Council elects from its members a presiding officer and an assistant presiding officer to conduct the business of the Council. Currently, the presiding officer (Chair) is Katherine A. Thomas, Executive Director for the Board of Nursing. The assistant presiding officer (Vice-Chair) is Gay Dodson, Executive Director for the State Board of Pharmacy. Council officers serve two-year terms ending August 31 of odd numbered years.

The Health Professions Council was created on the recommendation of the Texas Sunset Commission to achieve the efficiency and effectiveness goals of consolidation while avoiding the creation of a new bureaucracy. Repeated efforts to consolidate boards under one umbrella agency had received only varied support while generating heated opposition from the professional associations. Experience in other states had shown that large umbrella agencies sometimes failed to meet the perceived benefits and desired objectives of improved consumer service and decreased costs (fig 1). Problems of consolidation included increased response time for services, decreased quality of services, lack of expertise in regulated professions, and decreased disciplinary actions against licensees. Studies show consolidations often failed to achieve economies of scale.

The Council has mitigated problems of competition and conflict among the licensed professions by fostering an atmosphere of communication and cooperation. It has provided a forum for discussion of issues and allowed a coordinated response to legislative issues when requested by elected officials. The Council has no authority over member agencies.

Staffing and Funding: The Health Professions Council employs a small staff (currently only 5 FTEs are assigned to the agency), to coordinate and or complete the tasks of the Council. The HPC staff is organized as a separate state agency (#364). Its staff report to the Council directly through supervision of its manager, the Administrative Officer, by the Council Chair. The Council utilizes its staff, along with committees consisting of staff from member agencies to carry out its activities. The Council is funded entirely by transfer of funds from member agencies. A rider in the biennial appropriations bill specifies prorated amounts. Additional amounts are transferred by member agencies to pay for shared services such as technology support and toll-free phone service on a usage basis. During the last Legislative Session (81st Regular) the Council was added additional transfers for the purchase of a shared regulatory database system. A report of financial support by member agencies is provided at the end of this report.

Eighty percent of the participating agencies are collocated in the William P. Hobby Building at 333 Guadalupe St. to facilitate resource sharing.

Economies of Scale

- Information Technology Sharing
- Human Resources Program
- Training Opportunities

The Council has developed areas to realize cost savings across agencies. These economies of scale have been found primarily in the area of information technology. Other areas that undergo regular review to ensure best practices are incorporated in all of the regulatory agencies that the Council supports include Human Resources and employee training.

Employees benefit through increased training opportunities, access to employee assistance programs, and opportunities to refine job skills as administrative sharing allows greater staff specialization. The Council network provides opportunities for communication, shared expertise and joint problem-solving.

Shared Database System: The Texas Department of Information Resources notified agencies that they will no longer be providing cold site recovery floor space as part of their Master Service Agreement. Moreover, agencies were informed that legacy databases would no longer be supported under upcoming contracts with IBM. Agencies were left to determine their own course of action in the case of a disaster or system failure.

The Council's IT Committee along with members of the Council's ITSS met with representatives from the Department of Information Resources to discuss issues related to database hardware and software. This meeting stemmed from conversations regarding how to proceed with the purchase and design of new database systems for member agencies. The Council wrote a letter to DIR leadership requesting a meeting to discuss future plans. At the Council's request, leadership at DIR was asked to respond to concerns regarding legacy systems. DIR created a Task Force to develop recommendations. The Task Force was further divided into three groups. One of those groups, the Licensing Workgroup was chaired by the Council's own Administrative Officer.

HPC took the lead in finding enterprise Licensing and Regulatory software for the management of licensing, enforcement legal and some accounting functions. The Legislature awarded funding for the regulatory database system. Implementation of this unprecedented project began in earnest at the beginning of Fiscal Year 2010. Three additional staff were added to the Council to oversee the implementation. They include a Project Manger, a Database Administrator, and a Systems Analyst. Together the team adds value to the six participating agencies that would otherwise need to develop their

own solutions and likely duplicate this effort. It should be noted that the Council was successful in enjoining two additional agencies, the Texas Board of Land Surveying and the Texas Board of Plumbing Examiners in the project to further promote the Council's goal of realizing economies of scale, sharing resources, and developing best practices across small state agencies.

Information Technology Sharing: The Council has studied the resources and needs of member agencies for Information Technology support. The Council found that although some of its larger members (the Medical Board, the Board of Pharmacy, and the Board of Nursing) had resources devoted to meet its Information Technology support needs (or at least to address their needs in a prioritized fashion), some of the other smaller members struggled to meet their needs. In the past, only limited Network Manager Services had been shared by members of the Council.

Some agencies had planned to cut back on already inadequate resources devoted to this area in order to absorb cuts in their budget in the FY 04/05 biennium. The Council created a Shared Services Committee and assigned that committee to investigate models to provide member agencies the most efficient IT support possible. The Committee developed a program that facilitates sharing of information technology knowledge and resources among all of the member agencies in the Hobby building through its Technology Committee. In addition to the Regulatory Database Program, this program also utilizes staff (one from the Texas State Board of Dental Examiners and one from the Texas Optometry Board) to provide direct ongoing support services to eight (8) of the smaller member agencies in the Hobby Building. The staff positions are funded through contributions from the eight member agencies.

During the previous reporting period it was noted that all of the member agencies located in the Hobby Building are utilizing the imaging system. The Shared Document Imaging System was updated to allow for remote access. This feature allows member agencies to input data directly from their offices rather than transporting source documents to the center and then back. This feature will provide a more efficient means for inputting information. Additionally, agencies are able to scan images remotely and upload them to the server with little or no interruption of staff scheduling. As the Regulatory Database comes online the Imaging System will integrate into the system to provide an electronic archive that will provide additional online services. The ITSS staff is developing data to determine goal dates for significant archival storage on the system, freeing up space in agencies.

Human Resources Pilot Program: The Human Resources Committee studied the needs of member agencies to determine what, if any, assistance the Council staff could provide in the area of Human Resources. The Council has developed a pilot program to take a role in the HR functions of member agencies. The recommended program includes the basic job tasks of a Human Resource Specialist I. Specifically, it allows for the coordinating and processing of newly hired and terminating employees. It also includes the administration of employment screenings, evaluation of candidates and background checks.

In discussing this pilot program, the committee felt that these functions could be implemented into the current role of HPC. This would result in zero cost to the members. After the program was running smoothly, it is the belief of the committee that further more detailed Human Resources duties could be carried out by a Human Resource Specialist I. The Council believes that an employee sharing program such as the model designed for Information Technology would result in savings to members. In this scenario, a Memorandum of Understanding would be designed and a new FTE employee would be hired to carry out more complex duties of Human Resources. In Fiscal Year 2010, Council Staff continued their support of agencies in the hiring of new member employees. The Council has had preliminary discussions with agencies and the Legislative Budget Board to review the potential hiring of a dedicated Human Resources Specialist. At a recent council meeting the Council reviewed the proposal and in light of the current financial uncertainty determined it would be best to table the proposal for review at a future time. In an effort to aid the program one of the council staff completed certification for the Professional in Human Resources Certification.

Training/Information Dissemination Opportunities: The member agencies share training opportunities for member agencies. One member agency staff member from the Board of Nursing offers new employee EEO training. HPC staff handle the coordination and documentation of the training. HPC staff have also coordinated training opportunities available through the State Auditor's Office. The SAO offers training to agencies when the number of attendees is at or above minimums needed to justify providing the training at another location. HPC provides a regular forum for the Employee's Retirement System staff to give presentations to member agency employees on investments through the Citistreet program.

HPC also works with the National Certified Investigator/Inspector Training (NCIT) program of the Council on Licensure, Enforcement, and Regulation (CLEAR) to provide training locally approximately once a year, providing the highest quality training at the lowest possible cost for HPC members and other state agencies employing investigators. Periodically, throughout the year CLEAR provides remote access training through the use of webinars. HPC has regularly provided access to these webinars on behalf of the members.

Fiscal Year 2008 was the first year in which the number of people trained through HPC training opportunities was measured. The Council expanded their training opportunities in Fiscal Year 2009 and will work with the Texas Workforce Commission in Fiscal Year 2010 to provide additional opportunities at lower cost to agencies located in the Hobby Building. The Council is pleased to report that the performance measure goal related to training was attained. The Council has been able to provide onsite training on topics such as Accounting, the Texas Register, Equal Employment Opportunity, Risk Management, and Board Member Training. Holding training onsite has been a great convenience to member agencies. The Council fully expects to meet the goals set forth by the legislature.

Courier Services: The Texas Medical Board (TMB) coordinates the sharing of a courier service with all of the member agencies in the Hobby building to facilitate movement of priority communication, and deposits, etc. with the Comptroller's office. TMB coordinates the contract, pays the vendor, and bills agencies based on use. Other non-HPC member small state agencies located in the Hobby building participate in this sharing as well.

Employee Assistance Program: HPC member agencies participate as a group in an employee assistance program (EAP).

Legislative Tracking: HPC member agencies have worked together to improve member agencies' Legislative Tracking. Smaller agencies that could not afford to purchase the services of Legislative Tracking Services, such as Texas Legislative Service or Gallery Watch, have gained access to that service at a much lower cost by sharing the service. In addition, the HPC Administrative Officer tracks legislation and keeps member agencies aware of legislation that could affect member agencies as a group.

Regulatory Best Practices

- Criminal Background Checks
- Improved Customer Service
- Board Member Training Program

The Council regularly brings new topics for members to discuss and review. This allows new ideas and practices to be thoroughly vetted prior to implementation. This saves both time and money. By allowing all agencies access to the expertise of both large and small agencies, ideas are reviewed with a depth of knowledge not often found in a single umbrella agency structure. This cooperation requires little, if any, additional appropriations or significant time commitments from any single agency and the results are available to all of the member agencies. The Council meetings serve further as a forum for member agency Executive Directors to identify common issues faced in licensing and regulation, share perspectives, and often move toward consistent policy stances.

Below are examples where agencies have found opportunities to implement regulatory best practices.

Criminal Background Checks: The Council is in the process of developing a uniform policy regarding the processing of criminal background checks for the member agencies. The Texas Board of Nursing has taken the lead on sharing their experience in implementing background checks on both initial licensees and renewals. That experience will help smaller agencies develop well thought out procedures.

Improved Customer Service: The Council has also created a resource list of member agency staff that can communicate in languages other than English. Member agencies have agreed to share staff when it is needed to communicate effectively with customers.

Board Member Training Program: The Council has established a training program for the governing bodies (boards) of member agencies. The training has been compiled into a training manual. Each agency must customize the basic training program to include agency/board specific information. The training manual is updated every two years, following the Regular Legislative session.

Policy and Procedure Development: In the past the Council, through its committees has developed model policies and procedures for risk management, disaster recovery, and workforce policy/procedures. When new reporting requirements are mandated member agency staff meet on an ad hoc basis to review the requirements and instructions. As a group, they clarify expectations and seek further clarification to facilitate quality reporting.

Minimum Data Set: The Statewide Health Coordinating Council's recommends that the licensing boards for those health related professions named should change their licensing forms and data systems to include the collection of the minimum data set on an annual or biennial basis. During the last session significant progress was made in this direction. Senate Bill 29 (80th Regular) provided for the collection of the data needed for statistical analysis by the Health Profession Resource Center, a division of the Statewide Health Coordinating Council which is located in the Texas Department of State Health Services.

Last year, Council staff worked diligently with the HPRC and DIR to implement the provisions of SB 29. An evaluation of the system is not available at this time. Council members are proud of their work in this area and are pleased to provide the information to HPRC. It should be noted that the planned Regulatory Database System will implement fields consistent with the Minimum Data Set.

The agencies participating in the in the database program are currently in the testing phase of the interface that will provide the Minimum Data Set. When the system comes online only a few remaining agencies will be supported by DIR in this area.

Peer-to-Peer Sharing/General Sharing: Member agencies back up each other in administrative functions such as accounting, purchasing, and payroll. These back up arrangements are typically short term in nature, such as for occasions when employees are out on illnesses, vacations or other short terms. However, in some cases, agencies may provide these services to one another for longer periods of time (such as for an extended vacancy) with or without compensation through interagency contract. Agencies with certified purchasers assist agencies that are too small to have staff on board with such expertise through a "purchasing pool." Member agency employees consult with one another, peer to peer, throughout the administrative and regulatory departments and divisions. There is a cost savings to member agencies when their staff share their efforts that cannot be specifically calculated. For example, agency financial staff routinely consult each other when preparing major financial reports such as the Annual Financial Report and the Legislative Appropriations Request. As a result of this relationship between member agency staff, reports are completed quicker, procedures are developed more efficiently, and other state agencies enjoy a reduction in inquiries and clarifications on required reports and procedures. HPC member agencies embrace the spirit of cooperation within the Health Professions Council. The larger member agencies often allow their staff to assist smaller agencies with tasks that the larger agencies are better equipped to handle. Although it cannot be quantified, it is expected

that the assistance provided by larger agencies has prevented smaller agencies from having to request additional funding for staff to handle the routine administrative requirements of being a state agency.

Annual Report: The Council prepares an annual report that includes a statistical compilation of numbers of licensees, numbers of complaints and enforcement actions taken by member agencies/boards. The annual report also includes a summary of the Council's activities over the past year and recommendations for statutory changes to improve the regulation of health care professionals.

Responsiveness

- Toll Free Complaint Line
- Representation in Statewide Forums

The Health Professions Council serves a wide variety of constituents. First and foremost it serves the citizens of Texas. The shared toll-free complaint line directly benefits consumers who can place one toll-free call to obtain information or initiate a complaint against any licensed health professional. Many consumers lack information necessary to determine which board to go to with their complaint. The greatest benefit to consumers is preservation of independent boards with specific expertise in investigation and resolution of consumer problems. Consumers and taxpayers benefit indirectly from improved efficiency and from cooperation among agencies, which produces cooperative rulemaking and less reliance on the administrative law system to resolve conflicts.

Licensees benefit from retention of independent boards, which are more responsive and accessible to licensees, and from increased efficiency of the agencies. As more administrative tasks are shared, staff with specific expertise are more available to respond to needs of licensees and consumers. The Council goes to great lengths to ensure that all of their customers are served.

Telephone Complaint System: The Council operates a complaint system, which allows consumers to file complaints against any state-licensed health professional by calling one toll-free number. The shared complaint line improves effectiveness and efficiency by providing easy “one-stop” access for consumers and significant cost-savings for individual agencies. The 1-800 line receives an average of 2,250 calls per month, of those calls approximately 500 are routed to HPC staff. HPC receives a variety of inquiries. Many times we refer the public to one of our boards, but we also receive inquiries that we refer to other state agencies. The cost of the system is shared by member agencies, which split the cost of equipment and lines and pay for long distance charges based on the percentage of calls assigned to each agency each month.

Representation in statewide forums: The Council has assigned the Administrative Officer to represent HPC member agencies at meetings involving statewide forums. The Administrative Officer represents the views of member agencies in their licensing/regulatory role, generally. The Administrative Officer communicates back to the member agencies. Member agencies may increase their own participation in these forums, depending on the nature of the issues. The Council, through the HPC Chair also assigns member agencies to “outside” committees, as appropriate. Examples of the forums include the Texas Health Care Policy Council, the Statewide Health Coordinating Council (SHCC) planning sessions for the state health plan and the East Texas Rural

Access Program (ETRAP). This approach allows member agencies to achieve representation and input into these processes.

During previous legislative sessions, the Health Professions Council worked with the Legislative Budget Board and the Governor's Office to develop a performance measure directly related to representing members at various statewide forums. Fiscal Year 2008 was the first year in which this has been quantified. The Council met their requirement and will continue to seek areas to represent the Council.

Future Opportunities

The Health Professions Council's activities are mandated legislatively, identified by the Council to provide means for member regulatory agencies to coordinate administrative and regulatory efforts; or requested by various legislative entities or oversight bodies, such as the Governor's office, individual members of the Texas Senate or House of Representatives, the LBB, Comptroller's office, etc.

As agencies continue to align solutions with their own business processes there is a strong desire within the Council to anticipate future opportunities. As mentioned before the Council regularly reviews areas where agencies could improve services while still focusing on their core missions. In addition to expanding the Human Resources Pilot Program, the Council will work closely with the Governor's Office and the Legislative Budget Board to realize streamlined and consistent practices on behalf of the member agencies. It is clear that Texas is growing rapidly, which indicates that the agencies will see increased workloads as the need for enforcement and licensure continue to grow. Meeting the challenges of that increased workload is an opportunity the Council looks forward to in 2011.

Cost of Regulation Comparison between Texas and Florida (fig 1)

Profession	TEXAS			FLORIDA ***			Comparison of Florida to Texas		
	FY2010* Estimated	Number ** of Licensees	Cost per Licensee	FY2010 Expenditures	Number of Licensees	Cost per Licensee	FY2009 Expenditures Difference	Number of Licensees****	Cost per Licensee

Funding

The DSHS Professional Licensing and Certification Unit (PLCU) is organizationally placed within the Division for Regulatory Services, Health Care Quality Section. PLCU functions as a consolidated licensing operation for 23 regulatory programs and consists of:

- 8 governor-appointed licensing boards, each with independent rulemaking and enforcement authority;
- 2 governor-appointed licensing boards, each with independent enforcement authority and quasi-independent rulemaking authority;
- 1 licensing board appointed by the DSHS Commissioner with independent enforcement authority and quasi-independent rulemaking authority; and
- 12 licensing programs that do not have appointed boards, and for which the rulemaking authority is the Executive Commissioner of the Health and Human Services Commission and the enforcement authority is DSHS.

The boards and programs within PLCU do not function as independent state agencies. DSHS provides the staff, facilities, and infrastructure necessary to administer each program. PLCU operates with a functional organizational structure characterized by resource-sharing across programs.

PLCU is funded through the legislative appropriation to DSHS for Strategy D.1.4 (Health Care Professionals). This appropriation funds a total of 26 programs within DSHS, not all of which are organizationally placed within PLCU. The legislative appropriation is made to DSHS, not to the individual boards, programs, or unit.

Total fee revenue collected by PLCU programs in Fiscal Year 2010 was \$9,297,897 and total expenses of PLCU programs was \$5,030,589. Not all licensing fees collected by PLCU programs were appropriated to DSHS nor dedicated to the operation of PLCU. Most PLCU programs experience growth each year in the numbers of license holders; these increases are accompanied by greater demand for licensure services, including new and renewed license issuance, consumer complaint intake and processing, investigations, disciplinary action, and enforcement. In the 81st Legislature, 2009, an exceptional item request was approved for additional regulatory capacity at DSHS, but no additional resources were allocated to the Health Care Professionals strategy. However, DSHS has worked with the Legislative Budget Board to allocate some of the new funding to this strategy, which will help address the needs of the growing programs.

Reprimand	3	
Revocation	1	
Surrender	1	
Suspension	1	
Warning Letter	9	
8. Average length of time required for jurisdictional complaint resolution:		384 days
9. Total fees collected:		\$236,601
10. Total expenses:		\$229,459

Statutory Authority: Occupations Code, Chapter 502

* Please see Table 1 for information regarding the number of license holders by county.

Massage Therapy Licensing Program

1. Total number of licensees:		28,745
Massage Therapists	26,534	
Massage Therapy School/Training Programs	58	
Massage Therapy Instructors	1,335	
Massage Therapy Establishments	818	
2. Total number of new licenses issued:		2306
3. Total number of renewal licenses issued:		11,847
4. Total number of complaints received:		450
Advertising/Mislabeled	16	
Criminal History	31	
Fraud/Deceit/Bribery	11	
Sexual Misconduct	53	
Standard of Care/Service/Product	38	
Unlicensed Person/Facility	293	
Unprofessional Conduct	8	
5. Total number of jurisdictional complaints received:		441
6. Total number of complaint investigations completed:		64
7. Total number of jurisdictional complaints resolved:		439
License Expiration	5	
No Violation	31	
Not Substantiated	25	
Violation Found and Corrected	15	
Withdrawn	3	
Administrative Penalty	47	
Cease and Desist	156	
Denial	43	
Probated Suspension	18	
Reprimand	9	
Revocation	21	
Surrender	18	
Warning Letter	48	
8. Average length of time required for jurisdictional complaint resolution:		143 days
9. Total fees collected:		\$2,111,131
10. Total expenses:		\$795,070

Statutory Authority: Occupations Code, Chapter 455

* Please see Table 1 for information regarding the number of license holders by county.

Texas Board of Licensure for Professional Medical Physicists

1. Total number of licensees:		596
Medical Physicists	471	
Temp Medical Physicists	125	
2. Total number of new licenses issued:		48
3. Total number of renewal licenses issued:		274
4. Total number of complaints received:		0
5. Total number of jurisdictional complaints received:		0
6. Total number of complaint investigations completed:		0
7. Total number of jurisdictional complaints resolved:		0
8. Average length of time required for jurisdictional complaint resolution:		0 days
9. Total fees collected:		\$84,565
10. Total expenses:		\$30,239

Statutory Authority: Occupations Code, Chapter 602

* Please see Table 1 for information regarding the number of license holders by county.

Texas Midwifery Board

1. Total number of licensees:		204
Midwives	202	
Approved Midwifery Courses	2	
2. Total number of new licenses issued:		16
3. Total number of renewal licenses issued:		83
4. Total number of complaints received:		15
Advertising/Mislabeling		
Failure to Maintain/Release Records	1	
Fraud/Deceit/Bribery	1	
Standard of Care/Service/Product	11	
Unlicensed Person/Facility	2	
5. Total number of jurisdictional complaints received:		13
6. Total number of complaint investigations completed:		2
7. Total number of jurisdictional complaints resolved:		24
No Violation	7	
Administrative Penalty	7	
Probated Suspension	4	
Reprimand	2	
Warning Letter	4	
8. Average length of time required for jurisdictional complaint resolution:		388 days
9. Total fees collected:		\$54,085
10. Total expenses:		\$39,964

Statutory Authority: Occupations Code, Chapter 203

* Please see Table 1 for information regarding the number of license holders by county.

Offender Education Programs

1. Total number of certificate holders:		2404***
DWI Education Instructors	458	
DWI Intervention Instructors	342	
Alcohol Education Program for Minor Instructors	412	
Drug Offender Education Program Instructors	421	
DWI Education Programs	208	
DWI Intervention Programs	153	
Alcohol Education Program for	211	
Drug Offender Education Programs	199	
2. Total number of new certificates issued:		87
3. Total number of renewal registrations issued		326
4. Total number of complaints received:		19
Criminal History	7	
Financial	1	
Fraud/Deceit/Bribery	3	
Standard of Care/Service/Product	7	
Unlicensed Person/Facility	1	
5. Total number of jurisdictional complaints received:		17
6. Total number of complaint investigations completed:		0
7. Total number of jurisdictional complaints resolved:		2
Violation Found and Corrected	1	
Withdrawal	1	
8. Average length of time required for jurisdictional complaint resolution:		926 days
9. Total fees collected:		\$403,298**
10. Total expenses:		\$921,832**

Statutory Authority:

- Drug Offender Education Programs
Transportation Code §§521.371 - 521.377
- DWI Education Programs
Code of Criminal Procedure, Art. 42.12, §13(h)
- DWI Intervention Programs
Code of Criminal Procedure, Art. 42.12, §13(j)
- Alcohol Education Programs for Minors
Alcoholic Beverage code, §106.115

** Fee and expense totals include both the Chemical Dependency Counselor Licensing Program and the Offender Education Programs

***Transition to a new database revealed a reporting error in the previous system. The FY2008 and FY2009 numbers of certificate holders were over-reported.

Optician's Registry Program

1. Total number of registrants:		165
Opticians-Dual	59	
Registered Contact Lens Technicians	8	
Registered Spectacle Dispensers	98	
2. Total number of new registrations issued:		10
3. Total number of renewal registrations issued:		46
4. Total number of complaints received:		0
5. Total number of jurisdictional complaints received:		0
6. Total number of complaint investigations completed:		0
7. Total number of jurisdictional complaints resolved:		1
Withdrawal	1	
8. Average length of time required for jurisdictional complaint resolution:		218 days
9. Total fees collected:		\$32,789**
10. Total expenses:		\$19,775**

Statutory Authority:

Occupations Code, Chapter 352

* Please see Table 1 for information regarding the number of license holders by county.

** Fee and expense totals include both the Contact Lens Permit Program and the Opticians' Registry

Texas Board of Orthotics and Prosthetics

1. Total number of licensees:		783
Licensed Prosthetist/Orthotists	405	
Registered Prosthetist/Orthotist Students	47	
Temporary Prosthetist/Orthotists	2	
Registered Prosthetist/Orthotist Technicians	24	
Licensed Prosthetist/Orthotist Assistants	54	
Accredited Prosthetic/Orthotic Facility	251	
2. Total number of new licenses issued:		96
3. Total number of renewal licenses issued:		277
4. Total number of complaints received:		82
Abuse/Neglect/Exploitation	2	
Fraud/Deceit/Bribery	8	
Standard of Care/Service/Product	17	
Unlicensed Person/Facility	48	
Unprofessional Conduct	7	
5. Total number of jurisdictional complaints received:		80
6. Total number of complaint investigations completed:		37
7. Total number of jurisdictional complaints resolved:		50
No Violation	11	
Not Substantiated	16	
Administrative Penalty	2	
Cease and Desist	2	
Civil Penalty	1	
Denial	7	
Reprimand	1	
Warning Letter	10	
8. Average length of time required for jurisdictional complaint resolution:		347 days
9. Total fees collected:		\$149,961
10. Total expenses:		\$92,628

Statutory Authority: Occupations Code, Chapter 605

* Please see Table 1 for information regarding the number of license holders by county.

Personal Emergency Response System (PERS) Licensing Program

1. Total number of registrants/licenses:		282
PERS Registrants-Individuals	232	
PERS Licenses-Businesses	50	
2. Total number of new applications (licenses and registrants):		67
3. Total number of renewals (licenses and registrants):		127
4. Total number of complaints received:		0
5. Total number of jurisdictional complaints received:		0
6. Total number of complaint investigations completed:		0
7. Total number of jurisdictional complaints resolved:		0
8. Average length of time required for jurisdictional complaint resolution:		0
9. Total fees collected:		\$48,925
10. Total expenses:		\$20,087

Statutory Authority: Health and Safety Code, Chapter 781

* Please see Table 1 for information regarding the number of license holders by county.

Texas State Board of Examiners of Professional Counselors

1. Total number of licensees:		17,270
Licensed Professional Counselors	14,751	
Professional Counselor Interns	2,519	
2. Total number of new licenses issued:		2,158
3. Total number of renewal licenses issued:		6,795
4. Total number of complaints received:		205
Abuse/Neglect/Exploitation	3	
Advertising/Mislabeled	4	
Client Rights	1

Unauthorized Activity	1	
Unlicensed Person/Facility	15	
Unprofessional Conduct	62	
5. Total number of jurisdictional complaints received:		177
6. Total number of complaint investigations completed:		130
7. Total number of jurisdictional complaints resolved:		134
Licensed Expiration	6	
No Violation	46	
Not Substantiated	16	
Violation Found and Corrected	1	
Administrative Penalties	9	
Cease and Desist	2	
Probated Suspension	13	
Reprimand	7	
Revocation	7	
Surrender	4	
Suspension	2	
Warning letters	20	
Withdrawal	1	
8. Average length of time required for jurisdictional complaint resolution:		351 days
9. Total fees collected:		\$1,105,215
10. Total expenses:		\$574,145

Statutory Authority: Occupations Code, Chapter 503

* Please see Table 1 for information regarding the number of license holders by county.

Respiratory Care Practitioner Certification Program

1. Total number of licensees:		13,500
Respiratory Care Practitioners	13,245	
Temporary Respiratory Care Practitioners	255	
2. Total number of new licenses issued:		1,030
3. Total number of renewal licenses issued:		5,948
4. Total number of complaints received:		28
Confidentiality	2	
Criminal History	4	
Fraud/Deceit/Bribery	2	
Order Non-Compliance	1	
Required Activity Not Performed	1	
Sexual Misconduct	1	
Standard of Care/Services/Product	9	
Unauthorized Activity	1	
Unlicensed Person/Facility	3	
Unprofessional Conduct	4	
5. Total number of jurisdictional complaints received:		25
6. Total number of complaint investigations completed:		14
7. Total number of jurisdictional complaints resolved:		24
License Expiration	4	
No Violation	3	
Not Substantiated	3	
Violation Found and Corrected	1	
Cease and Desist	2	
Denial	1	
Emergency Suspension	1	
Probated Suspension	3	
Reprimand	1

Surrender	1	
Warning	1	
8. Average length of time required for jurisdictional complaint resolution:		357 days
9. Total fees collected:		\$769,398
10. Total expenses:		\$312,188

Statutory Authority:

Occupations Code, Chapter 604

* Please see Table 1 for information regarding the number of license holders by county.

Texas State Board of Social Worker Examiners

1. Total number of licensees:		20,895
Licensed Clinical Social Workers	6,629	
Licensed Master Social Workers-Advanced Practitioner	416	
Licensed Master Social Workers	7,700	
Temp Licensed Master Social Workers	76	
Licensed Baccalaureate Social Workers	6,021	
Temp Licensed Baccalaureate Social Workers	53	
2. Total number of new licenses issued:		1,418
3. Total number of renewal licenses issued:		9,580
4. Total number of complaints received:		147
Abuse/Neglect/Exploitation	8	
Advertising/Mislabeling	1	
Confidentiality	7	
Criminal History	6	
Fraud/Deceit/Bribery	10	
Sexual Misconduct	8	
Standard of Care/Service/Product	43	
Unlicensed Person/Facility	22	
Unprofessional Conduct	42	
5. Total number of jurisdictional complaints received:		131
6. Total number of complaint investigations completed:		132
7. Total number of jurisdictional complaints resolved:		118
No Violation	25	
Not Substantiated	32	
Cease and Desist	7	
Civil Penalty	2	
Probated Suspension	10	
Reprimand	3	
Revocation	7	
Surrender	1	
Suspension	1	
Warning Letter	30	
8. Average length of time required for jurisdictional complaint resolution:		288 days
9. Total fees collected:		\$1,117,089
10. Total expenses:		\$617,166

Statutory Authority: Occupations Code, Chapter 505

* Please see Table 1 for information regarding the number of license holders by county.

State Board of Examiners for Speech-Language Pathology and Audiology

1. Total number of licensees:		14,364
Speech Language Pathologists	10,222	
Temp Speech Language Pathologists	8	
Speech Language Pathologist Interns	582	
Speech Language Pathologist Assistants	2,419	
Audiologists	1,097	
Audiologist Interns	32	
Audiologist Assistants	4	
2. Total number of new licenses issued:		1,959
3. Total number of renewal licenses issued:		5,544
4. Total number of complaints received:		67
Advertising/Mislabeled	1	
Financial	2	
Fraud/Deceit/Bribery	6	
Standard of Care/Service/Product	32	
Unlicensed Person/Facility	24	
Unprofessional Conduct	2	
5. Total number of jurisdictional complaints received:		64
6. Total number of complaint investigations completed:		6
7. Total number of jurisdictional complaints resolved:		41
License Expiration	1	
No Violation	17	
Administrative Penalty	1	
Cease and Desist	4	
Probated Suspension	1	
Reprimand	8	
Warning Letter	4	
Withdrawn	5	
8. Average length of time required for jurisdictional complaint resolution:		219 days
9. Total fees collected:		\$928,089
10. Total expenses:		\$395,564

Statutory Authority: Occupations Code, Chapter 401

* Please see Table 1 for information regarding the number of license holders by county.

Table 1 Legend of Abbreviations	
AT	Athletic Trainers
AU	Audiologists
CEO	Code Enforcement Officers
CL	Contact Lens Dispensers
CSOT	Council on Sex Offender Treatment (Licensed Sex Offender Treatment Providers)
DT	Dietitians
FD	Fitters & Dispensers of Hearing Instruments
LCDC	Lic. Chemical Dependency Counselors
LPC	Lic. Professional Counselors
MFT	Marriage & Family Therapists
MP	Medical Physicists
MRT	Medical Radiologic Technologists
MT	Massage Therapists
MW	Midwives
O&P	Orthotists & Prosthetists
OE	Offender Education Providers
Opt.	Opticians
Perf.	Perfusionists
PERS	Personal Emergency Response System Providers
RCP	Respiratory Care Practitioners
RS	Registered Sanitarians
SLP	Speech-Language Pathologists
SW	Social Workers

The county statistics include individuals regulated by the licensing program and do not include facilities or business entities that may be regulated in some programs. There may be minor variances between the county total and the overall total for the program as reported on previous pages, since the statistical information was not extracted on the same date.

Appendix B - Health Professions Council

FY 10 Estimated Fees Collected Section IV.D Operating Budget

To comply with Section 6, SB 1058 (81st Regular)

FY 10 Estimated Expenses Section II.C Operating Budget

To comply with Section 6, SB 1058 (81st Regular)

Appendix B Estimated Fees and Revenues

Agency	FY 2010 Revenue Estimate	FY 2010 Expenses Estimate
Texas State Board of Chiropractic Examiners	\$2,315,000	\$642,485
Texas State Board of Dental Examiners	\$6,963,088	\$2,771,845
Texas Funeral Services Commission	\$1,562,141	\$801,751
Texas Medical Board	\$30,236,692	\$11,519,230
Texas Board of Nursing	\$13,267,000	\$8,463,179
Texas Optometry Board	\$1,453,494	\$526,858
Texas State Board of Pharmacy		\$6,110,971
Executive Council of Physical Therapy and Occupational Therapy Examiners	\$3,703,479	\$1,141,398
Texas State Board of Podiatric Medical Examiners	\$431,440	\$242,988
Texas State Board of Examiners of Psychologists	\$2,165,711	\$972,374
Texas State Board of Veterinary Medical Examiners	\$2,543,560	\$1,011,657

Appendix C - Health Professions Council

Unfunded Needs of the Agency

To comply with Section 6, SB 1058 (81st Regular)

Appendix C - Health Professions Council

Unfunded Needs of the Agency

To comply with Section 6, SB 1058 (81st Regular)

Agency	(8) any unfunded needs of the agency.
Chiropractic	None
Dental	None
Funeral Serv	<p>Agency staff must often refer telephone calls and inquiries to the Assistant Attorney General assigned to this agency in coordination with the Administrative Law Division located at the Office of the Attorney General (OAG). The Assistant Attorney General assigned to this agency represents 15 other regulatory agencies. Due to the workload of the OAG, a reply to these inquiries/investigations received at the Texas Funeral Service Commission takes several weeks if not months.</p> <p>General Counsel for the TFSC is needed to reduce the agency's pending investigation caseload, to litigate SOAH cases more expeditiously, and to facilitate answers to problems the consuming public and death care professionals face regarding the death care industry. The agency also receives inquiries from members of the Texas Legislature for a timely solution to one of their constituent's concerns regarding death care related issues. A General Counsel would be immediately available to help resolve the matters based on the agency's jurisdiction with the laws currently in effect.</p> <p>Currently, TFSC investigators and the legal assistant must use their own judgment to determine whether the results of an investigation warrant a violation of law or rule. Having a General Counsel on staff to review the investigative summary and findings would ensure every aspect of the complaint has been examined thereby protecting the consuming public.</p>

Nurse

Advanced Practice Registered Nurse Applications - In the past three years, the APRN section has experienced a consistent high number of applications for initial approval which has created a backlog and a delay in processing applications. These applications require a high level of expertise regarding APRN practice and education in the State of Texas and within the United States. Along with the consistently high number of applications, the review of the applications has become more complex due to new rules implemented by the board in the past few years. These rules require review of transcripts and course descriptions to assure specific course content. With new requirements, comes additional correspondence and phone calls. To alleviate the backlog and decrease the number of days it takes to process an application, we have hired two part-time contract workers. One is an APRN and the other is an administrative assistant. We do not anticipate this trend to slow down and further anticipate additional Compact APRN applications upon implementation of the APRN Compact in fiscal year 2011. We are requesting two FTEs to assist in this area. If we are unable to maintain the two contract workers, we anticipate the number of days to approve an APRN application will stay at 70 days and most likely climb higher to 90 days as the backlog increases.

Criminal Background Checks - New/Accepted Student Program - This new program has been a big success being implemented by schools of nursing faster than expected. This program provides board reviews of criminal background history for students prior to admission to schools of nursing to determine eligibility for licensure. This program also allows programs to determine whether students should be admitted to clinical learning experiences given past criminal background history. We anticipated that up to 50 schools of nursing would adopt this process but that number has tripled to over 150. This means the number of prospective students completing the criminal background process has grown exponentially. Along with this growth has come additional files to review for eligibility issues from both examination and endorsement applications. The average case load for one operations staff member has gone from 324 in fiscal year 2007 to 1,035 in fiscal year 2008, 1,499 in fiscal year 2009 and 1,637 in fiscal year 2010. In that same time period, the same staff member have opened, reviewed and closed 1,139 examination and endorsement eligibility cases in fiscal year 2007, 2,031 cases in fiscal year 2008, 2,987 cases in fiscal year 2009 and 3,267 cases in fiscal year 2010. One person cannot handle this consistently growing caseload. We did not anticipate the consistent growth in "hits" from our criminal background checks. The Texas Board of Nursing has hired four additional temporary staff to assist with administrative duties but we are close to filling all appropriated staff positions (96.7) and since temporary staff count towards our FTE cap, we will exceed that cap if we do not get additional FTEs and will be forced to let go all temporary staff. The schools of nursing and new students participating in this program are currently experiencing a 60 day turn-a-round from receipt of a school roster to completion of background check reviews. Without the temporary staff, this time frame will increase to 120 days.

<p>Optometry</p>	<p>To control costs, the agency continues to put additional emphasis on the agency's website to deliver information and to automate much of the license renewal process. The agency also continues to participate in sharing arrangements with other Health Profession Council agencies.</p> <p>The agency's database is being replaced this year. The agency is sharing the cost of the replacement database with five other agencies so that a sufficient database is obtained at the lowest possible cost. As the database is installed, issues are arising that may require additional programming beyond the contracted amount. Although every effort will be made to find solutions that do not need additional programming, it appears that additional expenses may be necessary in 2012.</p> <p>The additional 2.5 percent reduction means that the agency cannot fill a half-time administrative assistant position that has been extremely valuable to the agency the last two years.</p>
<p>Pharmacy</p>	<p>Although the TSBP was successful in obtaining additional appropriations for the requested exceptional items during the 82nd Legislative session, a number of unfunded mandates continue to cause annual increases in areas such as hazardous and longevity pay, gasoline, postage, mileage and hotel per diem.</p> <p>Additionally, in FY2010, all agencies were faced with an ordered 5% budget reduction for FY2010 and an additional 2.5% budget reduction for FY2011. In light of these budget reductions and potential future decreases in the State of Texas budget for 2012-2013, the agency's ability to provide quality customer service, information, and protection to the citizens of Texas will be severely tested.</p> <p>If the tight State of Texas budget for 2012-2013 results in decreases in appropriations for TSBP, these decreases will severely impact the agency's ability to provide quality customer service, information, and protection to the citizens of Texas.</p>
<p>PT/OT</p>	<p>None</p>

<p>Podiatry</p>	<p>We received funding for our 81st Session/2009 LAR for FY 2010/2011 in full.</p> <p>Future needs are being analyzed as we work through the present FY 2010 5% Reduction and are awaiting the 82nd Session Strategic Planning & LAR process for later this year to present future needs and their requisite funding.</p>
<p>Psychologists</p>	<p>Given the dire economic situation of the state, the Texas State Board of Examiners of Psychologists is requesting no additional funds for unfunded needs of the agency at this time. However, when the economy of the state recovers, the agency will seek higher salaries for its staff based on the 2010 State Auditor's report which states that the average salary at this agency is \$7,400 below the average salary of Article VIII agencies.</p>
<p>Vet Med</p>	<p>None</p>
<p>DSHS PLCU</p>	<p>Funding</p> <p>The DSHS Professional Licensing and Certification Unit (PLCU) is organizationally placed within the Division for Regulatory Services, Health Care Quality Section. PLCU functions as a consolidated licensing operation for 23 regulatory programs and consists of:</p> <ul style="list-style-type: none"> • 8 governor-appointed licensing boards, each with independent rulemaking and enforcement authority; • 2 governor-appointed licensing boards, each with independent enforcement authority and quasi-independent rulemaking authority; • 1 licensing board appointed by the DSHS Commissioner with independent enforcement authority and quasi-independent rulemaking authority; and • 12 licensing programs that do not have appointed boards, and for which the rulemaking authority is the Executive Commissioner of the Health and Human Services Commission and the enforcement authority is DSHS.

The boards and programs within PLCU do not function as independent state agencies. DSHS provides the staff, facilities, and infrastructure necessary to administer each program. PLCU operates with a functional organizational structure characterized by resource-sharing across programs.

PLCU is funded through the legislative appropriation to DSHS for Strategy D.1.4 (Health Care Professionals). This appropriation funds a total of 26 programs within DSHS, not all of which are organizationally placed within PLCU. The legislative appropriation is made to DSHS, not to the individual boards, programs, or unit.

Total fee revenue collected by PLCU programs in Fiscal Year 2010 was \$9,297,897 and total expenses of PLCU programs was \$5,030,589. Not all licensing fees collected by PLCU programs were appropriated to DSHS nor dedicated to the operation of PLCU. Most PLCU programs experience growth each year in the numbers of license holders; these increases are accompanied by greater demand for licensure services, including new and renewed license issuance, consumer complaint intake and processing, investigations, disciplinary action, and enforcement. In the 81st Legislature, 2009, an exceptional item request was approved for additional regulatory capacity at DSHS, but no additional resources were allocated to the Health Care Professionals strategy. However, DSHS has worked with the Legislative Budget Board to allocate some of the new funding to this strategy, which will help address the needs of the growing programs.
